

## Schindler 5500

Design lines, colors and materials.  
Design that speaks to your senses.

# Freedom of design

---

Create the look and feel you like. Combine colors, materials, lighting, mirrors, handrails and fixtures to achieve the ambiance that fits both your ideas and your building. Choose from one of our four interior design lines or design the whole car to your own taste.

---

Our favorite designs just give you an idea of what is possible and can be easily combined. If you like to be more creative, you can even design your own car.

# The whole variety – in five steps only.

## This elevator follows your ideas.

### Step 1

**Combine colors and materials.**  
Choose out of four design lines or combine with glass walls and doors.

### Step 2

**Select your operating panels.**  
Integrate stainless steel or glass panels in black or white.

### Step 3

**Pick a floor and ceiling.**  
Choose from stainless steel ceiling options with a matt or gold finish and matching floors.

## Step 4

### Choose the lighting.

Create ambiance with direct or indirect lighting and different lighting designs like square, spot or curve.

## Step 5

### Add options.

Handrails and mirrors complete the car. Illuminated handrails and skirting are an additional highlight.

## Fits your style

The bare car option allows up to 50 % of the car's rated capacity as additional weight for your interior.

## Navona

### Functional and durable

Provide clarity and solid comfort to your car with this robust design line. Fresh colors, a contrasting rear wall, the option of three different floors or a bare floor make Navona the right choice for residential applications.

Stainless steel can be added to rear and side walls. Navona's interior stands for long lasting functionality right where it is needed.

## Times Square

### Modern and versatile

Determine your contemporary look. Choose from warm or cool colors to create a fresh look or combine the options to enhance contrast for more depth. Select glass

doors and walls for transparency. Use a bare car option to create your style and taste. Times Square adds distinctive features to any public, commercial or residential building.

## Park Avenue

### Sophisticated and elegant

Discover pure elegance with back painted glass walls or choose wood laminate to create a more contemporary ambiance. The optional wave design, a rounded transition from ceiling to rear wall, gives your car a unique appearance. An additional highlight is a gold or silver-

shimmer from our metallic glass collection or a bronze or satinated grey finish on stainless steel. Matched lighting perfects the stylish design of this elevator – an ideal fit for representative buildings like high-end residential, hotels and offices.

## Sunset Boulevard

### Inspirational and full of character

Aim high for passenger excitement in upmarket locations like hotels, clubs and restaurants. The combination of premium quality materials, captivating patterns and

splashy color gradients make this car a unique experience. Lighting and ceiling concepts create a fascinating atmosphere. Make your elevator become your stage.

# Times Square

## Modern and versatile

### **Multicolor options**

Play with fresh and vibrant colors. Choose from a range of warm and cold colors that look great on their own, but also stunning when combined.

### **Laminate and stainless steel**

Create a different ambiance by selecting different materials. For a fresh look and feel, choose from colorful laminates. Stainless steel gives a more clean and modern look. Combine both materials for more individuality.

### **Glass walls and doors**

Add panorama to your elevator. Select glass panels for side walls or rear wall, or both for complete transparency.

# Park Avenue

## Sophisticated and elegant

### Back painted glass

By putting color behind glass, you create a high gloss and vibrant effect that adds a pleasant ambiance to your car. In order to make the back painted glass walls perfectly fit the overall appearance of the building, you can either choose from pre-selected colors or optionally specify any NCS (Natural Color System) color.

### Wave

The optional „wave“, a rounded design element that beautifully merges ceiling and rear wall, provides the car with unique elegance.

### Illuminated handrails and skirting

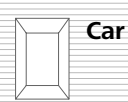

Highlight your car with illuminated handrails and skirting for a special effect and a lasting impression.

### Glass walls and doors

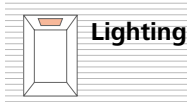

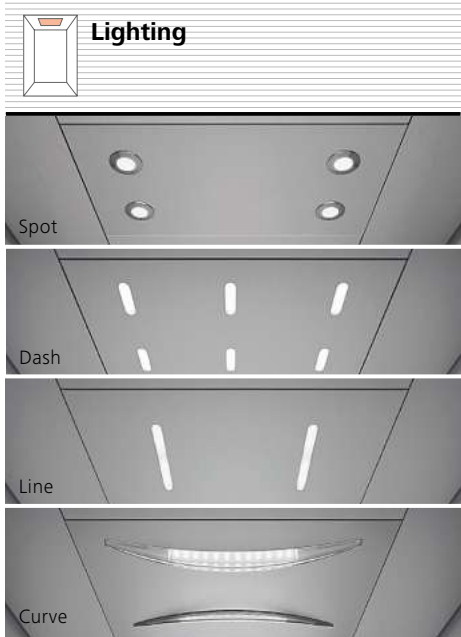

Select transparent glass panels for side walls or rear wall, or both to add marvelous panorama to your elevator.

# Sunset Boulevard

## Inspirational and full of character

### Digital print on satinated glass

Gorgeous and intense colors, emphasized through satin glass for more elegance. From atmospheric blue-red to warm gray-beige color gradients, this design allows you to create a fascinating ambiance and an unforgettable ride experience.

### Digital print on stainless steel

Create ambiance not only with colors but with eye-catching patterns printed on stainless steel. Choose clear structured geometrical forms or bold organic designs. No matter the size of your car, digital decoration patterns always look stunning.

### Illuminated handrails and skirting

Small details, big impact. Illuminated handrails and skirting give the car a unique final touch.

### Glass walls and doors

Add panorama to your elevator. Select glass panels for side walls or rear wall, or both for complete transparency.

# A perfect outfit with matching accessories.

## Fixtures and options

### Mirrors

Mirrors always add a special sense of space to rooms and buildings. In order to give your car more appeal and depth, the side walls or the rear wall can be provided with a full-height or half-height safety-glass mirror.

### Handrails

Even though your elevator travels smoothly and with almost no sound, handrails convey a feeling of security. Stainless steel handrails match the interior and shapes of

your car and can be mounted to the side and rear walls. Illuminated handrails and skirting are an additional highlight and add to the overall ambiance of the car.

### Landing arrangement

Schindler 5500 fixtures and landing indicators help passengers to find the way to the elevator and get to their selected destination comfortably. Choose your optimal landing arrangements for simplex and multiplex installations, surface or wall mounting.

### Linea Vetro

Stylish and elegant full height glass panel in black or white, integrates seamlessly in the car interior. Touch sensitive operation with clearly readable high-resolution TFT LCD display. An eye-catching design for an exclusive ambiance.

Available from summer.

PORT Terminal with card reader

### PORT Terminal

This new range of hall call destination terminals delivers brainpower to your building. Various PORT Terminal options are available to optimize traffic flows. For detailed information, visit [www.theporttechnology.com](http://www.theporttechnology.com).

# More options for a better fit.

Schindler offers you numerous elevator design features and functionality options across all relevant categories. The following list provides a condensed overview of choices in each theme group. It allows you to tailor your elevator and achieve a perfect fit with your building.

## **Interior design**

- Glass doors and glass wall panels
- LED lighting integrated in ceiling panel
- Bare car option, add up to 50% of the rated load
- Back painted glass in various colors
- Digital print on stainless steel or satinated glass
- Illuminated handrail and skirting

## **Performance**

- Up to 8 cars in a group or extendable with PORT Technology
- Advanced drive technology
- Double entrance with parallel or selective door opening
- Active door locking
- Enhanced ride quality kit
- Remote monitoring and diagnostics

## **Accessibility**

- Schindler PORT Technology
- Building monitoring interface
- Accessibility for passengers with disabilities
- Multi-language voice signalization
- Mechanical or touch-sensitive operating panel
- Attendant service

## **Security**

- 3D Light curtain on doors
- Floor access control
- Interface for CCTV
- Remote alarm
- Automatic evacuation
- Fire services
- Firefighter elevator (EN81-72)
- Earthquake operation

## **Green**

- LED lighting
- Eco Mode, enhanced standby
- Floor lighting control
- Halogen-free cabling
- Regenerative drive
